

LOWER MINNESOTA RIVER WATERSHED DISTRICT

January 2019 Administrator report

From: Linda Loomis, Administrator

To: LMRWD Board of Managers

In addition to items on the meeting agenda, work continues on the following District projects and issues:

Road Salt Symposium

The Lower Minnesota River Watershed District will be a sponsor of this event again this year. The Road Salt Symposium will be held at the Plymouth Creek Center, 14800 34th Avenue North, Plymouth, MN. You can register for the Symposium by following the link in the upcoming meetings section below.

Legislative Water Commission

If Managers are interested in following what is going on at the state and federal level with respect to water governance, you may want to consider signing up to receive the Legislative Water Commission Updates. You can sign up to receive these updates by following this link <https://www.lcc.leg.mn/lwc/>. (you can easily unsubscribe). The updates have lots of information and links to many articles found in newspaper throughout the state and country. It comes out monthly.
