

LOWER MINNESOTA RIVER WATERSHED DISTRICT

Executive Summary for Action

Lower Minnesota River Watershed District Board of Managers Meeting

Wednesday, February 20, 2019

Agenda Item

Item 6. B. - Dredge Management

Prepared By

Linda Loomis, Administrator

Summary

i. Funding for dredge material management

See 2019 Legislative Agenda report Agenda Item 6.D. River terminal operators and the city of Savage are being updated with LMRWD activities at the legislature.

ii. Vernon Avenue Dredge Material Management site

Work has been progressing on improvements to the dredge site. The Threatened and Endangered Species evaluation has been completed as well as the Wetland Delineation. The design for the reconfiguration of the site is 60% complete and staff is meeting with the site manager on Tuesday, February 19th to make sure it is on the right track.

Staff expects to have the hydrology and hydraulics study complete and available next week and is arranging a meeting with the city to begin the process to amend the Conditional Use Permit. Staff hopes to meet with the City the first week of March.

The reports or links to the reports are attached,

iii. Private Dredge Material Placement

No new information since last update
