

LOWER MINNESOTA RIVER WATERSHED DISTRICT

Executive Summary for Action

Lower Minnesota River Watershed District Board of Managers Meeting

Wednesday, February 20, 2019

Agenda Item

Item 6. C. - Watershed Management Plan

Prepared By

Linda Loomis, Administrator

Summary

Staff is working on the draft rules. We had planned to have the draft rules ready for Board review at the February meeting, however, they are not yet ready. This will push out the timeline for approval of the rules one month. They will be presented to the Board with the March meeting packet. The Board will then be asked to approve the rules at the April meeting at which point the rules will be submitted to BWSR for comments. We hope to have BWSR approval so the Board can adopt the rules in June.

In addition to the rules, staff is working on a process by which cities can apply for a general permit. This will allow cities that have adopted ordinances and policies that enforce LMRWD standards to enforce to have authority to permit projects on behalf of the LMRWD.
