Executive Summary for Action

Lower Minnesota River Watershed District Board of Managers Meeting
Wednesday March 20, 2019

Agenda Item

Item 6. B. - Watershed Management Plan

Prepared By

Linda Loomis, Administrator

Summary

Staff working on draft rules to implement the standards contained in the LMRWD Comprehensive Watershed Management Plan. Staff expects to provide the rules to the Board by March 31, 2019. Staff is recommending that the Board schedule a workshop to discuss the draft rules before the April 17, 2019 Board meeting. The workshop could precede the April Board meeting.

Staff requests that the Board authorize a meeting of the Technical Advisory Committee (TAC) and other meetings with municipalities as they request to obtain input regarding the rules from stakeholders.

If input is minimal, the rules should be ready for the Board to approve at the May Board meeting and authorize submittal of the draft rules for review to the Board of Water and Soil Resources and other state agencies as required by state law.
